

# DementiaHub SG

## We are live!

On this World Alzheimer's Day, [Dementia Singapore](#) and the [Agency for Integrated Care](#) are proud to launch [DementiaHub.SG](#), Singapore's first one-stop resource portal on dementia which aims to raise awareness about the condition and support persons living with dementia in the community.

This knowledge hub serves as a key touchpoint for members of the community and corporations, persons living with dementia, caregivers and care professionals based on your needs. You can gain quick and easy access to curated information and resources about dementia and be connected to a network of support and services.

You can find credible, comprehensive and up-to-date information and resources on dementia including engaging persons living with dementia, self-care, caregiving tips, services, and many more!

## Highlights

---

### Curated Articles

Find articles specially curated for members of the community and corporations, persons living with dementia, caregivers and care professionals.
